Lecture Hall, Westin		8:00 – 8:50AM	9:30 – 10:20AM	11:00 – 11:50AM	1:00 – 1:50PM	2:00 – 2:50PM	3:00 – 3:50PM	4:00 – 4:50PM
Injury Prevention/ Occupational Health					The IHS Environmental Health Role in Injury Prevention	Emerging Health and Safety Issues in Today's Workplace	Safety with a Capital U— Operation PPE	Timing of Amber Internals Influences Red Light Runnings, Motor Vehicle Crashes, Severe Injuries, and Death
Onsite Wastewater Systems					Remote Wastewater Dispersal Systems: Where We've Been and Where We're Going	Integrating Rural Wastewater Management: Crow Wing County, Minnesota, Sanitary Management District	Charlotte County, Florida: Priority Clean Water Needs Due to Septic Wastage Pollutants	Implementation of a Statewide Inventory/Permit Tracking Database in Iowa
Solid Waste					Out of the Box and Into the Fire—Taming the Wild, Wild West	Cultivating an Environmental Culture in an Industry with a Dirty Reputation	Brownfields: Removal and/or Reduction of Health Threats to a Community	Discussion of a Strategy for Cleanup of Undocumented Migration (UDM) Waste in the Arizona-Sonora Border Region
Terrorism and All-Hazards Preparedness					Climate Change Impacts on Human Health and Welfare in the U.S.: The Need for Preparedness Planning	Environmental Health Preparedness and Nuclear Reactors: The Legacy of the SL-1, Three Mile Island, and Chernobyl Accidents	How to Prepare When the Budget Is Bare	Preparing for the Super Bowl: Public Health Incident Command and Surveillance
Vector Control and Zoonotic Diseases					Emergency Management of Mosquito-Borne Disease Outbreaks: Guidelines for Mosquito Control Programs	Bedbug Infestation Re-emergence: Tracking Epidemiological Events Through News Media Reports	Integrated Pest Management Response to an Outbreak of Rocky Mountain Spotted Fever in Eastern Arizona	Roaches, Rats, and Kids . . . Oh, My! Children, Pests, and Pesticides

Learning Laboratory, Hilton

Children's Environmental Health					Update and Feedback Session: Children's Environmental Health Program for Health Professionals and Educators	Home Visits Aren't Just for Nurses: A Sanitarian's Guide to Successful Environmental Health Education		
Food Safety and Protection					Pooches, Politics, and Public Health: A Tabletop Exercise Dealing with Dogs in Outdoor Dining Areas			
General Environmental Health					Stories from the Field: Providing Services in a Down Economy		Don't Ever Do This!—Session #1	Pecha Kucha: A Different Presentation Format— Experiment #1
Hazardous Materials and Toxic Substances					Small Wares: How to Tell a Memorable Story		Inspector Idol	
Institutions and Schools Environmental Health						Stories from the Field: What Never to do with a Mercury Spill and What We Did When "Never" Happened		
Onsite Wastewater Systems Field Trip					Optional Field Trip: Onsite Wastewater Treatment Systems in the Tucson Area 7:30AM – 12:00NOON			Don't Have Your School Be in the Headlines: Work as a Team and Help Prevent Foodborne Outbreaks Using the <i>Food-Safe Schools Action Guide</i>
Poster Session					8:00 – 11:00AM			
Student Presentations					8:30 – 11:20AM			

Exhibitor Education Forum 2:00 – 5:00PM

Lecture Hall, Westin		8:00 – 8:50AM	9:30 – 10:20AM	11:00 – 11:50AM	1:30 – 2:20PM	3:00 – 3:50PM	4:00 – 4:50PM
Drinking Water Quality	CDC's Environmental Health Specialists Network (EHS-Net) Water Project	Comparison of Top-Loading Versus Front-Loading Washing Machines on <i>Staphylococcus aureus</i> and MRSA Survival During Household Laundering	The Role of State Public Health in the Water Sector	Straining the Lead Out of Water Devices	The Demise of Hauled Water and the "Honey Bucket" in Rural and Remote Alaskan Communities: A State-Wide Drinking Water and Sanitation Initiative Rolled Out in the Last Frontier	Making a Public Health Difference in Africa—Finding a New Environmental Health Perspective in the U.S.	EPAs Total Coliform Rule for Drinking Water: A Report on Proposed Revisions and Effective Compliance Implementation Tools Utilized by the Minnesota Department of Health
Emerging Pathogens			MRSA: A Re-Emerging Community Disease from an Emergency Room Perspective	Primary Amebic Meningoencephalitis: Ecology, Epidemiology, and Risk Communication	Topic TBA	Norovirus Outbreaks of Rafting Trips in the Grand Canyon	Foodborne, Intestinal, and "Psuedo" <i>Clostridium botulinum</i> Infections: A Summary of Etiology, Investigation Processes, and Case Studies in Florida
Food Safety and Protection	The 2008 Samuel J. Crumrine Consumer Protection Award Winner Presentation		Exploring the World of Indian Food	Ensuring Beef Is Still for Dinner: Food Safety and the Beef Industry	Food Safety Training in Restaurants for Special Populations	Description of the Hotel Food Safety System and How it Compares with HACCP Standards	Glimpses of the Other Side—Food Safety from a Restaurant Perspective
General Environmental Health	Bridging the Gap—Agency, Industry, and the Public		Enlightening State Policy Makers as to Environmental Health	Use of "Local Government Environmental Quality Advisory Boards"	News Media: A Partner in Environmental Health	Leading a Community Towards Healthy Housing	Stepping Stones to a Healthy Home—Developing an Effective Resource Manual
Hazardous Materials and Toxic Substances	Best Practices for Commercial Products Containing Lead		The Right Thing to Do: Detoxification of the PCB Landfill in Warren County, NC	The Utility of Cholinesterase Testing for Biological Monitoring of Exposure to Pesticides and Nerve Agents	How Can Your Community Fight Back Against Methamphetamine Contamination?	The Regulation and Control of Toxic Products Imported into the U.S.	From Chernobyl to Tacoma—Developing Effective Risk Reduction Strategies for the Slavic Community
Indoor Air Quality	Implementing the Smoke-Free Arizona Act: It's a Benefit, Not a Ban		Air Quality Inside Schools and EPA's Indoor Air Quality Tools for Schools Program	Update of Radon Health Risk Science	Going Zero to 60: Clean Indoor Air in the Kansas City Metro	Assessment, Interpretation, and Reporting of Bioerosol Sampling Results in Indoor Environments	Study of Public Health Risks Associated with Indoor Radon Gas in Mansfield, Pennsylvania
Learning Laboratory, Hilton							
Environmental Health Leadership Development	—	—	A Taste of CDC's Environmental Public Health Leadership Institute (EPHLI): An Introduction to Systems Thinking 9:00AM – 12:00NOON	—	—	The Leadership Lounge	—
Terrorism and All-Hazards Preparedness	—	—	Environmental Health Considerations for Community Re-Entry and Re-Occupation after Disasters	Disaster Strikes — Do You Have an Environmental Health Emergency Response Plan? 1:30 – 4:30PM	—	—	—
