

“H5N1: A Special Report—What Is the Threat and Why Should the Environmental Health Profession Be Concerned?”

By NEHA Executive Director Nelson Fabian, M.S.

Journal of Environmental Health
January/February 2006, Volume 68, No. 6

Sources

Editor’s note: Because the issues surrounding avian flu are continually changing and are new to scientific journals, a significant amount of information for this special report was gleaned from reputable newspapers, online journals, association and government Web sites, and various presentations.
