

BILL	TITLE	AUTHOR	SUMMARY	PROGRESS	LOCATION
AR H 1411	Regulation of Carbon Capture and Sequestration	Shepherd (R)	Clarifies the regulation of carbon capture and sequestration; establishes the Carbon Dioxide Storage Fund; specifies the powers and duties of the Oil and Gas Commission in administering the underground storage of carbon dioxide, the Underground Injection Control Program regarding Class VI wells, and the Carbon Dioxide Storage Fund, including to collect fees; provides that the Carbon Dioxide Storage Fund shall be used for specified purposes.	Enacted	Chaptered
CA A 854	California Environmental Quality Act: Exemptions	Petrie-Norris (D)	Exempts from the California Environmental Quality Act projects that consist of the inspection, maintenance, repair, restoration, reconditioning, reconditioning with advanced conductors, replacement, or removal of a transmission wire or cable used to conduct electricity or other piece of equipment that is directly attached to the wire or cable and that meet certain requirements. Requires the lead agency to file a notice of exemption with the Office of Land Use and Climate Innovation.		Assembly Natural Resources Committee
CA A 881	Public Resources: Transportation of Carbon Dioxide	Petrie-Norris (D)	Provides that the California Environmental Quality Act requires a lead agency to prepare and certify the completion of an environmental impact report on certain projects. Requires the lead agency, for a project that includes the construction of a pipeline transporting carbon dioxide, to prepare or cause to be prepared an EIR or equivalent documentation. Requires the State Fire Marshal provide to the agency its confirmation that a pipeline is constructed consistent with certain requirements.	Concurrence	Assembly Inactive File
CA A 1207	Climate Change: Market-Based Compliance Mechanism	Irwin (D)	Relates to California Global Warming Solutions Act of 2006. Requires the State Air Resources Board to adopt regulations for greenhouse gas emissions limits and emissions reduction measures to achieve the maximum technologically feasible and cost-effective reductions in greenhouse gas emissions to instead achieve certain emissions reductions goals and the purposes of the act. Authorizes the state board to adopt a regulation establishing a market-based compliance mechanism.	Enacted	Chaptered
CA S 34	Air Pollution: South Coast Air Quality Management	Richardson (D)	Requires, in the event the board of the South Coast Air Quality Management District takes an action to amend or adopt a rule or regulation that imposes new or additional emissions reduction requirements on sources of air pollution associated with an operation at the Ports of Long Beach and Los Angeles, the action to, among other things, require those ports to prepare assessments of energy demand and supply. Prohibits the action from imposing a cap on cargo throughput or cruise ship passengers at the ports.	Vetoed	Vetoed

CA S 643	Carbon Dioxide Removal Purchase Program	Caballero (D)	Requires the State Air Resources Board to establish and administer the Carbon Dioxide Removal Purchase Program as a competitive grant process for eligible carbon dioxide removal projects. Requires that eligible carbon dioxide removal projects permanently retire the contracted tons of removed carbon dioxide from any future carbon dioxide removals credit issuance.	Vetoed	Vetoed
CA SR 36	Paris Accords	Cortese (D)	Affirms the State's leadership on climate action and climate restoration and the State's commitment to the Paris Accords, environmental sustainability, and to combating climate change by adopting net zero and net negative carbon dioxide emissions as State climate policy priorities.	Adopted	Adopted
CA SR 61	Building Resiliency	Perez S (D)	Declares the Senate's support for strengthening building resiliency as a key strategy to reduce risk from wildfires, earthquakes, extreme heat, sea level rise, and other hazards intensified by climate change.	Adopted	Adopted
CT H 6280	Establishment of a Climate Change Superfund	Winter (D)	Establishes the Climate Superfund Cost Recovery Program administered by the Department of Energy and Environmental Protection; provides that the purpose of the program shall be to, among other things, secure compensatory payments from responsible parties based on a standard of strict liability to provide a source of revenue for climate change adaptation projects within the State; creates the Climate Superfund Cost Recovery Program Fund to provide funding for climate change adaptation projects in the State.	Failed	Died
HI H 787	Climate Change Mitigation and Adaption Commission	Lowen (D)	Requires the state Climate Change Mitigation and Adaption Commission to study the feasibility of implementing a buy clean decarbonization policy and program in the state; requires administrative and substantive support from the Department of Land and Natural Resources; appropriates moneys.	1st Fiscal Committee	House Finance Committee
HI H 1304	Clean Fuel Standard for Alternative Fuels	Kila (D)	Supports the deployment of clean transportation fuel technologies through a carefully designed program that reduces the carbon intensity of fuel used in the State to, among other things, reduce lifecycle greenhouse gas emissions and to stimulate the local, State, and regional economies, thereby providing economic development; requires the Department of Transportation to adopt rules governing a clean fuel standard for alternative fuels in the State.	Passed 1st Committee	House Energy and Environmental Protection Committee
HI H 1450	Climate Resilient Food Systems Grant Pilot Program	Quinlan (D)	Establishes a three-year Climate-resilient Food Systems Grant Pilot Program, to be administered by the Department of Agriculture; requires reports to the Legislature; appropriates funds.	Concurrence	Conference Committee

Climate Change Legislation

October 2025

HI HCR 188	Climate Change State Public Health Response	Lowen (D)	Declares a public health emergency relating to climate change and requesting statewide coordination to identify, plan for, and create cross-sector solutions to strengthen Hawaii's public health response to the climate crisis.	Failed - Adjourned	In Multiple Committees
HI HR 182	Climate Change State Public Health Response	Lowen (D)	Declares a public health emergency relating to climate change and requesting statewide coordination to identify, plan for, and create cross-sector solutions to strengthen State's public health response to the climate crisis.	Adopted	Adopted
HI S 1016	Buy Clean Decarbonization Policy and Program	Lee C (D)	Requires the state Climate Change Mitigation and Adaption Commission; studies the feasibility of implementing a Buy Clean Decarbonization Policy and Program in the state; requires administrative and substantive support from the Department of Land and Natural Resources; appropriates moneys.	1st Committee	In Multiple Committees
HI S 1120	Clean Fuel Standard For Alternative Fuels	Lee C (D)	Requires the Department of Transportation to conduct a feasibility study on implementing a clean fuel standard for alternative fuels in the State; requires, no later than a specified date, the Department of Transportation to adopt rules governing a clean fuel standard for alternative fuels in the State.	Concurrence	Conference Committee
HI SCR 111	Climate Change	Gabbard (D)	Declares a public health emergency relating to climate change and requests statewide coordination to identify, plan for, and create cross sector solutions to strengthen the state's public health response to the climate crisis.	Adopted	Adopted
HI SR 92	Climate Change	Gabbard (D)	Declares a public health emergency relating to climate change and requests statewide coordination to identify, plan for, and create cross sector solutions to strengthen the state's public health response to the climate crisis.	Adopted	Adopted
MA H 1014	Climate Adaptation Projects	Owens (D)	Finances climate adaptation projects.		Joint Committee on Environment, Natural Resources
MA S 588	Climate Adaptation Superfund	Eldridge (D)	Creates a Climate Adaptation Superfund.		Joint Committee on Environment, Natural Resources
MA S 601	Investigation and Study to Protect Drinking Water	Fernandes (D)	Provides that provisions be made for an investigation and study to protect drinking water and public health from sand mining pollution.		Joint Committee on Environment, Natural Resources
MA S 2244	Heat Related Impacts of Climate Change	Creem (D)	Promotes resilience against the heat-related impacts of climate change.		Joint Committee on Telecommunications, Utilities and Energy

Climate Change Legislation

October 2025

MD H 128	Climate Change Adaptation and Mitigation	Fraser-Hidalgo (D)	Requires the Comptroller, in coordination with the Department of the Environment and the Department of Commerce, to conduct a study to assess the total cost of greenhouse gas emissions in the State and report certain findings to certain committees on or before a certain date on the total assessed cost of greenhouse gas emissions in the State based on the findings of a certain study; authorizes the Comptroller to hire a consultant to conduct the study; requires the report to include certain information.	Vetoed	Vetoed by Governor
MD S 149	Climate Change Adaptation and Mitigation	Hester (D)	Requires the Comptroller, in coordination with the Department of the Environment and the Department of Commerce, to conduct a study to assess the total cost of greenhouse gas emissions in the State and report certain findings to certain committees on or before a certain date on the total assessed cost of greenhouse gas emissions in the State based on the findings of a certain study.	Vetoed	Vetoed by Governor
MN H 2359	Impacts of Climate Change on Mental Health	Cha (D)	Relates to health; establishes an advisory task force to assess the impacts of climate change on mental health; appropriates money.	1st Committee	House Health Finance and Policy Committee
MT H 660	Greenhouse Gas Emissions Limit	Office of Ed Stafman	Requires rules to limit greenhouse gas emissions.	Failed	Died
NJ A 4696	Climate Superfund Act	Allen (D)	Regards Climate Superfund Act; imposes liability on certain fossil fuel companies for certain damages caused by climate change and establishes program in Department of Environmental Protection to collect and distribute compensatory payments.	Passed 1st Committee	Assembly Commerce, Economic Development and Agriculture Committee
NY A 72	Liability for Fossil Fuel Related Activity	Solages (D)	Creates climate liability for fossil fuel related activity which caused or contributed to climate change; creates a right of action.	1st Committee	Assembly Environmental Conservation Committee
NY A 2486	Disabling or Interference With Emission Control Devices	Carroll (D)	Prohibits the disabling, removal or interference with emission control devices and the use of emission tampering devices; prohibiting the use of emission tampering devices and providing remedies for the violation of such provisions.		Assembly Environmental Conservation Committee

Climate Change Legislation

October 2025

NY S 1343	Clean Fuel Standard of 2025	Parker (D)	Amends the environmental conservation law, in relation to establishing the clean fuel standard of 2025; reduces greenhouse gas intensity from the on-road transportation sector by twenty percent by two thousand thirty-three; provides that the clean fuel standard shall apply to all providers of transportation fuels, including electricity, in the State, shall be measured on a full fuels lifecycle basis and may be met through market-based methods by which providers exceeding the performance.	Passed 1st Chamber	Assembly Environmental Conservation Committee
NY S 2418	Municipal Sustainable Energy Loan Program	Parker (D)	Relates to the municipal sustainable energy loan program; includes water efficiency improvements and resiliency improvements in the municipal sustainable energy loan program.	1st Committee	Senate Energy and Telecommunications Committee
NY S 4651	Greenhouse Gas Emissions Reductions	Parker (D)	Amends the environmental conservation law and the public authorities law, in relation to establishing an economy-wide cap and invest program to support greenhouse gas emissions reductions in the state.		Senate Environmental Conservation Committee
OH H 170	Carbon Capture and Storage Technologies	Blasdel (R)	Establishes a process to regulate carbon capture and storage technologies and the geologic sequestration of carbon dioxide for long-term storage.	Passed 1st Chamber	Senate Energy Committee
OH S 136	Regulate Carbon Capture Storage Technologies	Schaffer (R)	Establishes a process to regulate carbon capture and storage technologies and the geologic sequestration of carbon dioxide for long-term storage.	1st Committee	Senate Energy Committee
OR H 3477	Greenhouse Gas Emissions Reduction Goals	Gamba (D)	Modifies state greenhouse gas emissions reduction goals.	Failed	Died
OR S 682	Climate Superfund Cost Recovery Program	Golden (D)	Establishes the Climate Superfund Cost Recovery Program within the Department of Environmental Quality.	Failed	Died
OR S 1187	Greenhouse Gas Emissions	Pham (D)	Establishes the Climate Superfund Cost Recovery Program as an interagency response to the effects of climate change.	Failed	Died
PA HR 90	Climate Change	Webster (D)	Directs the Joint State Government Commission to conduct a study on the projected costs in state of climate change adaptation and resilience measures needed to mitigate the projected impacts of certain climate change related events.	1st Committee	House Environmental & Natural Resource Protection Committee
RI H 5610	Use of Carbon Emissions Removal Technology	Chippendale (R)	Requires the executive climate change coordinating council to evaluate and make recommendations for the use of carbon emissions removal technology as an alternative approach to reducing carbon emissions and meeting the climate goals set forth in the act on climate change.		House Environment and Natural Resources Committee

Climate Change Legislation

October 2025

RI S 348	Actions Harming Critical Health and Safety Program	Ujifusa (D)	(Resolution) Urges the Rhode Island federal delegation to demand reversal of actions harming critical health and safety programs.		Senate Health and Human Services Committee
RI S 399	Use of Carbon Emissions Removal Technology	Rogers (R)	Requires the executive climate change coordinating council to evaluate and make recommendations for the use of carbon emissions removal technology as an alternative approach to reducing carbon emissions and meeting the climate goals set forth in the act on climate change.		Senate Environment and Agriculture Committee
RI S 400	Statewide Greenhouse Gas Emission Reduction Mandate	Rogers (R)	Repeals the 2021 Act on Climate which established a statewide greenhouse gas emission reduction mandate in its entirety.	1st Committee	Senate Environment and Agriculture Committee
TN H 716	Environmental Preservation	Jones (D)	Enacts the Climate Resiliency Fund Act.		House Agriculture and Natural Resources Committee
TN S 702	Environmental Preservation	Kyle (D)	Enacts the Climate Resiliency Fund Act.	1st Committee	Senate Energy, Agriculture and Natural Resources Committee
TX H 146 a	Climate Change Impact Assessment Council	Reynolds (D)	Relates to the creation of the Climate Change Impact Assessment Council; provides that the council is established to study the impact of climate change on the health, safety, and welfare of the residents of the State; provides for membership.	Failed - Adjourned	HOUSE
TX H 155 a	Authority of a Political Subdivision	Bell Ce (R)	Relates to the authority of a political subdivision to use public money for an environmental project; provides that a political subdivision may not use public money to plan, create, or operate an environmental project, including by directly spending money for the project or by dedicating money for the repayment of debt issued by the political subdivision for the project.	Failed - Adjourned	HOUSE
TX H 74 b	Authority of a Political Subdivision	Bell Ce (R)	Relates to the authority of a political subdivision to use public money for an environmental project.	Failed - Adjourned	HOUSE
VA H 2233	Extreme Weather Relief Act Established	Cousins (D)	Relates to Extreme Weather Relief Act; establishes the Extreme Weather Relief Program, administered by the Department of Conservation and Recreation, for the purpose of holding parties responsible for covered greenhouse gas emissions between the covered period of specified date, and specified date, for the parties' share of the Commonwealth's costs due to climate change; defines responsible parties as fossil fuel extractors or crude oil refiners causing emissions.	Failed	Died
