

Professional Development Opportunities

Environmental Health – Vector Surveillance and Control

Professional Associations

Belonging to professional associations will provide you with the latest research, technology, and practices around vectors and public health pests.

- [America Mosquito Control Association](#)
- [Entomological Society of America](#)
- [National Environmental Health Association](#)
- [National Pest Management Association](#)

Professional Credentials and Certifications

Professional credentials demonstrate your level of knowledge in relation to the applicable focus area of the credential.

- [Registered Environmental Health Specialist](#) (National Environmental Health Association)
- [Associate Certified Entomologist](#) (ACE) Entomological Society of America
- [Board Certified Entomologist](#) (BCE) Entomological Society of America
- [Public Health Vector Control Certified Technician](#) - California

Training and Continuing Education

Upcoming 2019 Opportunities

- **Florida Mosquito Control Association DODD Short Courses**
 - Event Date: 2/3/2019 - 2/8/2019
 - Event Type: Non-NEHA event
 - Event Website:
https://www.floridamosquito.org/Public/Events/Event_Display.aspx?EventKey=2dc41965-ba03-4e02-86ba-b785202ecee2&iSearchResult=true&WebsiteKey=2cf72c6c-20e7-4e18-9c4a-632639fee9ae
 - Event City: Gainesville
 - Event State: Florida
 - Organization: Florida Mosquito Control Association
 - Email: executivedirector@floridamosquito.org
- **New Orleans Mosquito, Termite and Rodent Control Board Mosquito Academy**
 - Event Date: pending 2019

- Event Type: Non-NEHA event
- Event Website: <https://www.nola.gov/mosquito/education/>
- Event City: New Orleans
- Event State: Louisiana
- Organization: New Orleans Mosquito, Termite and Rodent Control Board
- Phone: (504) 658-2440
- Email: mosquitocontrol@nola.gov
- **New Orleans Mosquito, Termite and Rodent Control Board Pest Control Academy**
 - Event Date: pending 2019
 - Event Type: Non-NEHA event
 - Event Website: <https://www.nola.gov/mosquito/education/>
 - Event City: New Orleans
 - Event State: Louisiana
 - Organization: New Orleans Mosquito, Termite and Rodent Control Board
 - Phone: (504) 658-2440
 - Email: mosquitocontrol@nola.gov
- **Advanced Mosquito Identification and Certification Course by Florida Medical Entomology Lab (UF)**
 - Event Date: pending 2019
 - Event Type: Non-NEHA event
 - Event Website: <https://fmel.ifas.ufl.edu/fmel---gen---info---v3/fmel-advanced-mosquito-id-course/>
 - Event City: Vero Beach
 - Event State: Florida
 - Organization: Florida Medical Entomology Lab (UF)
 - Phone: (772) 778-7200
 - Email: nburkettcadena@ufl.edu
- **Mosquito Identification by Rutgers Office of Continuing Education**
 - Event Date: June 4-8, 2018
 - Event Type: Non-NEHA event
 - Event Website: <http://www.cpe.rutgers.edu/courses/current/ae0605ca.html>
 - Event City: New Brunswick
 - Event State: New Jersey
 - Organization: Rutgers Office of Continuing Education
 - Phone: (848) 932-7207
 - Email: broccoli@njaes.rutgers.edu
- **NYC Rodent Academy**
 - Event Date: Spring and Fall

- Event Type: Non-NEHA event
- Event Website: <http://www1.nyc.gov/site/doh/health/health-topics/rodent-academy.page>
- Event City: Manhattan or Flushing, Queens, or New York
- Event State: New York
- Organization: New York State Department of Health
- Email: ratportal@health.nyc.gov
- **Anastasia Mosquito Control District Arbovirus Surveillance and Mosquito Control Workshop**
 - Event Date: TBD 2019 (typically March)
 - Event Type: Non-NEHA event
 - Event Website: <http://www.amcdsjc.org/education/workshops--fmca-tech-bulletins/2018-workshop.aspx>
 - Event City: St. Augustine
 - Event State: Florida
 - Organization: Anastasia Mosquito Control District
 - Email: mclarkamcd@gmail.com

ONLINE TRAINING

- Vector Control for Environmental Health Professionals (VCEHP)
 - <http://lms.southcentralpartnership.org/vcehp.php>
- Texas A&M Agrilife Extension
 - <https://agriliferegister.tamu.edu/productListingDetails/1862>
- Tick-Borne Diseases of the United States
 - <https://www.train.org/main/course/1030057/>
- ArcGIS Exercise: Dengue Fever & West Nile Virus Monitoring & Mitigation
 - <http://www.r4phtc.org/training-database/arcgis-exercise-dengue-fever-west-nile-virus-monitoring-mitigation/>
- ArcGIS Exercise: Dengue Outbreak Analysis Using Spatial Statistics
 - <http://www.r4phtc.org/training-database/arcgis-exercise-dengue-outbreak-analysis-using-spatial-statistics/>
- AMCA E-Modules
